

## WANTS OUT

### Mrs. Chadwick May be Released Soon

### Has Both Inclination and the Means

### CASSIE WIRES HER HUSBAND

### Advising Him to Come to Cleveland at Once With Sheriff Barry.

New York, Dec. 30.—The ocean liner Pretoria, on which Dr. L. S. Chadwick is returning from Europe, was sighted at Sandy Hook this morning. The Pretoria is now nearly three days overdue. All steamers are late this week, owing to the recent severe storms.

Cleveland, O., Dec. 30.—According to a story published here Mrs. Chadwick will be released on bail within a few days. At least an effort will be made in that direction. Mrs. Chadwick herself has expressed her desire to terminate her residence in the county's custody, and according to her attorney, Jay P. Dawley, she alone has the deciding vote in the bail question. "Bail can be given in ample quantity," declared Dawley. "We have it. It is assured if she wants it." Mrs. Chadwick is reported to have said that her original reasons for refusing bail no longer exist, and that she is now ready to avail herself of the proffered aid. Mrs. Chadwick, it will be remembered, displayed no anxiety on the subject of bail when she was arrested in New York. She was quoted as expressing a preference for the quiet and seclusion, to say nothing of the security from intrusion, afforded by the jail. She also had another reason for wishing to remain sequestered slightly from public view. She is reported to have said in this connection that she wanted to complete something upon which she was engaged when arrested, and that this was wound up last week.

The woman forwarded the following telegram to her husband, Dr. Leroy S. Chadwick, in care of Sheriff Barry at the Hoffman House, New York, to be delivered immediately upon his arrival from Europe: "Come to Cleveland with Sheriff Barry immediately. Do not fight extradition, and avoid loss of time and money."

Dr. C. J. Aldrich, alienist, saw Mrs. Chadwick at the county jail and had a conference with her. Dr. Aldrich has been called as an expert in a number of criminal cases heretofore where the defense claimed insanity. The visit of Dr. Aldrich was taken to indicate the line of defense that will be set up in Mrs. Chadwick's case.

## WING'S SUCCESSOR

Has Not as Yet Been Determined Upon  
Said Attorney General Moody  
This Afternoon.

Washington, Dec. 30.—(Bulletin)—Attorney General Moody stated this afternoon after the cabinet meeting, that the successor of Federal Judge F. J. Wing, the former Newark man, has not yet been determined upon and that the appointment will probably not be made until next week. A tip was out that ex-Representative Taylor of Youngstown would be the man. Today it is said Judge Kincaid of Toledo is being favorably considered.

### Panic at Picture Show.

Hartford City, Ind., Dec. 30.—The gasoline tank of a moving picture machine exploded last night at a performance in the Junior Mechanics' hall. John Turner, of Montpelier, the operator, was frightfully burned. There was a panic in the audience.

### School House Burns.

Hillsborough, Ind., Dec. 30.—The school building at Newton burned this morning. It was completed a year ago at a cost of \$23,000, and was the finest building in Fountain county. It caught from the furnace.

## BRITISH STEAMER

Is Broken in Two and Going to Pieces.  
It Will be Impossible to Save  
the Cargo.

Fire Island, N. Y., Dec. 30.—Wreckers who boarded the wrecked steamer Drumelzier today report that the vessel has broken in two and is rapidly pounding to pieces. It is too rough for wreckers to save the cargo. The captain and crew are recovering from their awful experiences.

## LAWSON'S WAR

Rumor That Frenzied Finance Man is  
Going to Quit His Attack on  
Standard Oil.

Boston, Dec. 30.—(Bulletin)—Thos. W. Lawson today denied that he has quit his fight against the Standard Oil interests as reported earlier today.

Boston, Dec. 30.—Is Thomas W. Lawson about to call off his war against the Standard Oil and "the system"? On top of such a rumor yesterday, Mr. Lawson and several important men from out of town were in conference from 1 o'clock until early in the evening when they left together. Mr. Lawson leaving word that he would return to Boston today. State street is at a loss to understand the meaning of the conference, if it does not have an important bearing upon either Standard Oil or Amalgamated affairs. The rumor that Mr. Lawson has engaged passage for himself and family to Europe, where he will recuperate the strain of smashing the market and banging Standard Oil and Amalgamated is denied by Mr. Lawson's closest business associates who say they do not know of any plans Mr. Lawson may have for leaving the country.

A prominent broker said this morning: "It is quite within the limits of possibilities that these stories as well as others regarding a settlement, which is reported to have been made by Mr. Henry H. Rogers with the Boston copper king, are put out by a certain contingent of the bull element that was on the other side of the market only a short time ago, but which is desirous of making a quick turn on the upside now and takes this means to help the move along."

## MANY REQUESTS

For Charity, Churches and Colleges  
Made by Geo. Dodge, Retired  
Chicago Manufacturer.

Chicago, Dec. 30.—When the will of the late Geo. E. P. Dodge, retired shoe manufacturer, was filed Thursday it was found to be one of the most remarkable testaments ever made in Chicago. Outside of the family, 103 separate gifts of amounts ranging from \$500 up to \$30,000 were made, aggregating more than \$600,000. The most important of these gifts to charity include: Central church \$30,000; Hahnemann hospital \$30,000; Pacific Garden mission \$5,000; Belmont college \$25,000; Chicago Commons \$25,000; Hull House \$15,000; American Bible Society \$5,000; for library at Benning ton, Vt., \$8,000; for memorial chapel at Lancaster, Vt., \$5,000; for kindergarten work \$10,000.

### Rate War to End.

Liverpool, Dec. 30.—Shipping officials feel confident that a final settlement of the shipping rate war will be accomplished before the first of the year.

## A CHRISTMAS JOKE

But Deveney Says He is Willing to  
Stand by Nan Patterson's  
Proposition.

Wheeling, W. Va., Dec. 30.—"I'm no quitter," said Col. T. A. Deveney of Fairmount, when asked last night if he was going to make good his offer to furnish bail for Miss Nan Patterson, the Floridiana girl, now confined in the Tombs, New York.

"I have wired Attorney Levy that the offer was made in good faith and if the other fellows want to back down I am willing to furnish the \$20,000 bond on my own hook."

He now acknowledges that when the now famous telegram was sent to the actress signed by Secretary of State-elect Charles Swisher, Edward Stack, H. J. Price and himself, that it was more of a Christmas joke than anything else.

### Feudist Hatfield Dead.

Bluefield, W. Va., Dec. 30.—Elias Hatfield, of feud fame, met a sudden death yesterday. He was walking through a tunnel when a train ran over him, mauling the body in a terrible manner.

## FACES A JURY

Miss Hanson is Accused of  
Perjury.

## SUED STREET CAR COMPANY

But on Two Occasions Was Defeated  
—Question, Has She Been  
Shamming?

Chicago, Dec. 30.—Twice defeated in an effort to obtain \$50,000 damages from the Chicago City Railway company, on a personal injury claim, Miss Inga Hanson, found herself facing in Judge Kersten's court today a jury which will be asked to decide whether she committed perjury in her attempt to collect the money.

More than a year ago, the defendant swore in court that she suffered paralysis, blindness and deafness as a result of a street car accident. Now she is accused by the prosecution of having shammed her afflictions, and of being a party to a conspiracy to defraud the street railway company. In the wool of the story will be the details of scientific tests by medical experts to determine whether the woman was blind and deaf, and of an investigation on the part of the company which extended as far as England and Norway.

Miss Hanson no longer claims that she is either deaf or blind. Both of these afflictions disappeared months ago, but she is still a paralytic, if appearances count for anything. Before the trial is concluded Miss Hanson, if her attorney is to be believed, may be able to walk into the court room unassisted, or she may have a recurrence of her blindness and deafness. The two latter ailments the defendant asserts suddenly disappeared while she was in Virginia last February, after she had been prayed over by a divine healer. She proclaimed it a miracle when she returned to Chicago last October, after extradition papers had been served on her in New York City. Miss Hanson, who was indicted for perjury on three counts, is a native of Norway, and is 30 years old.

## BY A GALE

England, Ireland and Wales  
Being Swept—Several  
Wrecks.

London, Dec. 30.—England, Ireland and Wales are gale swept today and many casualties are reported. At one point in Wales so severe was the storm that the roofs of several buildings were blown off. A farmer's wife was killed. Several minor wrecks are reported along the east and west coasts of England. Lord Roseberry while driving in London narrowly escaped being hit by wreckage blown by the gale.

## SENT TO JAIL

For Contempt of Court—Strikers  
Violated Injunction at Elwood Glass  
Factory.

Indianapolis, Ind., Dec. 30.—For contempt of the federal court three of the striking employees of the MacBeth-Evans Glass company of Elwood were sentenced to jail from 10 to 30 days by Judge A. B. Anderson, and eight others were sentenced to pay fines ranging from \$5 to \$25. They had been found guilty of violating an injunction issued by Judge Anderson Oct. 8, restraining them from acts of intimidation or violence toward the men that have been hired to take their places at the MacBeth-Evans company's plant.

### Police Investigate a Mystery.

New York, Dec. 30.—The police are today trying to clear the mystery surrounding the death of Cassius Green, colored, found dead in the doorway of his home this morning. He had been shot in the abdomen. The police today arrested Sterling Green, a brother. He confessed he shot his brother after a quarrel over a woman. The men fought a duel with pistols. John Brown, a friend and bystander, was wounded in the head.

When the German Emperor travels on home railways a detailed bill is made out for every engine and car used and for the distance traversed. It is estimated that he pays the Prussian railways alone about \$25,000 a year.

## ADMIRAL TOGO

Given a Great Ovation Upon  
Arrival at Tokyo  
Today.

Tokyo, Dec. 30.—Admiral Togo, the hero of Port Arthur, and Admiral Kamimura, who led the attack against the Vladivostok fleet accompanied by their staffs, arrived this morning and proceeded to the palace to make reports to the emperor. The admirals were

VICE ADMIRAL HERAUCHI TOGO, THE JAPANESE NELSON.

given a most hearty reception by the populace. Thousands, including school children, gathered at the station and along the streets, and the route from the depot to the palace was marked by one continuous ovation. Houses are gay with decorations. Representatives of the court and government met the admirals at the station, where the president of the diet presented Togo with complimentary resolutions. Togo is expected to remain a week, during which he will perfect future plans.

### Japs Capture Junks.

Rome, Dec. 30.—A message from Cheloo today states that the Japanese fleet at Port Arthur has captured seven junks attempting to enter the harbor loaded with provisions.

### Baltic Fleet Crippled.

London, Dec. 30.—The Reuter Telegram company today reports that the battleship Orel and the cruiser Tzumrud of the Russian Baltic fleet, have been recalled as they are unfit to proceed to the far East.

### Big Fire Near Mukden.

Rome, Dec. 30.—A telegram from Field Marshal Oyama's headquarters today states that a great fire is raging southeast of Mukden. It is believed the blaze was caused by the explosion of a store of Russian gun powder.

### The Majority Killed.

Tokyo, Dec. 30.—The Russians captured in the taking of Erhlungshan fort state that Russian defenders numbered about 600, besides some sailors. The majority of the defenders they say, were killed.

## JAPS TOOK 43 GUNS

Tokyo, Dec. 30.—The Japanese who lost 1000 men in the capture of Ruhlberg fort, captured 43 guns when the fort was taken.

## GAS PUMPING STATION WRECKED BY EXPLOSION

Hartford City, Ind., Dec. 30.—The natural gas pumping station of the Crescent company, west of the city, was totally wrecked by a natural gas explosion yesterday afternoon. The explosion was due to a plug blowing out of the compressor. An electric spark from the gas engine ignited the gas. One man was instantly killed and five injured. John Sutton, 22, the engineer, was pinned down by the timbers of the roof and was dead when taken out. Only a few feet from him Manager Edward Ayres was held fast by the heavy timbers and irons. He was unable to crawl out when the timbers were lifted up. The other men, some of whom were badly injured, say that their escape from instant death was due to the fact that the force of the explosion threw them near a large compressed air tank. The roof and walls collapsed on it and broke the force of the fall. The four walls of the building were blown down and the roof fell in on the machinery.

### Noted Author Dead.

New York, Dec. 30.—Word reached here today that Francis H. Nichols, the noted correspondent and author, is dead at Gwantze, Tibet, from pneumonia. He sailed from New York in March, 1903, on a special mission for the American Geographic society into Tibet and penetrated the country from China. He was born in Evanston, Ill., about 35 years ago.

## WOULDN'T COUNT ADAMS OUT

Liberty League in Session at Denver  
Adopts Resolution on the  
Subject.

Denver, Dec. 30.—The Liberty League state convention, in session here, adopted the following resolution: "Resolved, that we denounce in unmeasured terms the action of the Republican party in attempting to override the plainly expressed will of the people by arbitrarily throwing out the returns from a large number of precincts, to the end that the state senate may be made subservient to corporate greed, that the supreme court may be packed and that James H. Peabody, overwhelmingly repudiated at the polls, may be forced upon the people of this state for another biennial period."

Whether the plans of Republican leaders to reseat Peabody will be adopted by a majority of the Republican legislators is still undecided. The Republicans have an even two-thirds of the votes on joint ballot. A Republican caucus probably will be held next Monday, at which the contest for the speakership of the house and the plan to continue Governor Peabody in office will be considered. Some Republican members, known as followers of former United States Senator Edward O. Wolcott, have declared that while they do not contemplate a union with the Democrats under any consideration, they will oppose vigorously any plan for counting out Adams. The plan to seat Governor Peabody, some of them declared, is wrong, and no caucus action will bring them to support such action. The canvass of the votes for state officers is made by the legislature, and is not subject to review in the courts.

## TEXTILE

Strikers at Fall River Vote  
to Continue Their  
Struggle.

Fall River, Mass., Dec. 30.—The textile operatives who have been on a strike 23 weeks, voted today to continue the struggle. The total membership of the unions is about 6,000, and less than one-third voted. Much disappointment is expressed by the public over the result. It had been hoped that the strikers would vote to go back at the reduction in wages announced by the manufacturers.

## DOMESTIC TRAGEDY

Georgia Man, After Killing His Mother-in-Law  
Shot His Wife and  
Himself.

Thomasville, Ga., Dec. 30.—After killing his mother-in-law Mrs. W. H. Parish, making a desperate attempt to kill his 18-year-old wife, and shooting himself twice with a Winchester rifle here, J. B. Barrow is lying in the city hospital in a precarious condition, closely guarded by officers. Barrow is 33 years old and had been married but two years. Domestic trouble is given as the cause of the tragedy. The verdict of the coroner's jury does not say whether murder was committed or the killing of Mrs. Parish was accidental.

### Will Purchase Silver.

Washington, Dec. 30.—The attorney general has delivered an opinion in response to a request from Secretary Shaw that the secretary of the treasury has authority under the law to purchase silver bullion in the open market for the purpose of continuing the coinage of subsidiary silver coins. The stock of bullion in the treasury is about exhausted and the officials of the various mints have feared it would become necessary to discontinue a large part of the coinage.

Hamburg is to have a school for training servants. It is not intended to compete with existing schools which provide training in domestic science for girls of well-to-do families.

## A COSTLY BLOW

Grocer Neill's Bank Book Got Away  
and the Money Was Scattered  
by the Wind.

Wheeling, W. Va., Dec. 30.—While James Neill, a wholesale grocer, was going into the National Exchange bank yesterday afternoon, a gust of wind blew his deposit book containing a wad of bank notes out of his pocket and scattered them for several blocks. Men and women joined in the chase for the greenbacks and most of the money was recovered, but the blow cost Neill \$120.

## CHAUNCEY DEPEW

To Succeed Himself as Senator From  
New York State—Odell's  
Statement.

New York, Dec. 30.—Governor Odell issued a statement in which he said Chauncey M. Depew will succeed himself in the United States senate. This formal announcement was made at the Fifth Avenue hotel by Governor Odell as chairman of the Republican state committee, and came as the culmination of a series of conferences by prominent Republicans extending over several weeks, and practically continuous for three days. The candidacy of former Governor Frank S. Black of Troy is to be withdrawn and the name of Senator Depew will be the only one presented to the caucus of Republican legislators, which will select the party's candidate for senator.

Governor Odell's formal announcement, which is regarded as closing the controversy on the subject, gives it as his conclusion that "party harmony will be best subserved by the re-election of Senator Depew," concedes that the sentiment favoring his selection is very strong throughout the state, and declares that "it would have been the worst kind of party generalship to have run counter to this expressed public opinion."

### Delaware Legislature.

Dover, Del., Dec. 30.—After spending hours in fruitless balloting, the new Delaware legislature, which convened in extra session, adjourned without having effected a permanent organization. The house elected Representative Baggs, Union Republican, temporary chairman.

## IROQUOIS DAY

Anniversary of the Theatre Horror in  
Chicago—Memorial Hospital to  
be Built.

Chicago, Dec. 30.—While hundreds of sorrowing survivors of the victims of the Iroquois theatre disaster were observing today in gloom the first anniversary of the occasion, music, songs and dances were sounding in the theatre that was the scene of the horror. A rehearsal of a vaudeville performance marked the beginning of the day in the theatre built on the Iroquois ruins this afternoon, and the performance tonight bids for the patronage of the public. During the hours corresponding to those in which the horrors of a year ago were being enacted, memorial service was held in Willard Hall. Suitable addresses were made by prominent persons. Out of the meeting it is proposed shall spring a fund of \$50,000 for founding of a memorial hospital. The institution is to be supported by relatives of the victims as a monument to their memory. Most of the fund is already pledged. More than 100 suits for damages aggregating claims for \$500,000 have been filed.

## ASLEEP

For Weeks at a Time and Neither of  
the Women Shows Any Signs of  
Awakening.

Springfield, Ill., Dec. 30.—Two cases of protracted sleeping have aroused much interest among the medical practitioners of Springfield and vicinity. Nora Sanders, an inmate of the Fort Farm, has been asleep since November 25, and a peculiar feature of her case is that she shows no signs of having lost any flesh, although she has been living on water since that time.

The second case is that of Mrs. Mary Elam. She has been in a deep sleep one week, and as yet has shown no signs of awakening. Apparently she is in good health, but she shows just a trace of fat. This is her second long sleep. On the former occasion she was asleep two weeks and suffered no evil results.

### Coast Wires are Down.

Norfolk, Va., Dec. 30.—The sea coast wires to Cape Hatteras are down and no news can be had as to the condition of the rescued crew of twenty two from the oil steamship Northwestern. The vessel cannot possibly be got off the beach.

## SEVEN SHOT

When They Attempted  
to Escape

Convicts in the Prison at  
Folsom Made a Break

THREE DEAD, FOUR WILL DIE

Keepers Seized by Their  
Charges But Outside  
Guards Hastened  
to Rescue.

Folsom, Cal., Dec. 30.—Seven of nine convicts at the state prison made a break for liberty, and as a result three are dead and three are in a critical condition from bullet wounds. Captain R. J. Murphy, a prison official, was wounded by a shot in the leg, and received two knife wounds.

The convicts who engaged in the break were all employed at the rock crusher, where 225 of the most desperate prisoners were at work. Captain Murphy was acting as general overseer about the rock crusher, and four other prison attaches, I. Daly, A. Hogan, Charles L. Taylor and Charles Jolly, were employed as "pushers" to keep the men at work. A large sledgehammer was thrown into the crusher, causing the ponderous machine to come to a standstill. This attracted Captain Murphy, Charles Jolly and Taylor to the place immediately. Thereupon the desperate convicts rushed to seize Murphy, Jolly and Taylor. They succeeded in catching the two first named. The others endeavored to take the other foreman, who escaped them.

During this time the scene of trouble was under cover and the guards on the outside could not see the struggling men, although they soon had an intimation that something was wrong. The convicts, with their captives, made their way toward a small post commanded by Guard W. H. Harris, who was armed with a rifle. Five of the gang surrounded Captain Murphy and two of them had Jolly. The convicts had knives in position for immediate execution should the guards attempt to free themselves. They had no sooner stepped into the open than the seven guards commenced firing, and within 20 seconds fully 100 shots had been fired and seven convicts were on the ground helpless.

The following convicts were killed: H. G. Hill, under sentence of 36 years for robbery; J. Quinlan, serving 12 years for robbery; W. Morales, under sentence for robbery. The following wounded will probably die: D. D. Kelly, serving sentence of eight years for robbery; E. Queyada, serving a life sentence for murder; W. P. Enley, serving a life sentence for murder. Slightly wounded Charles Carson, serving life sentence for robbery.

## ENGLISH ARMY

Field Marshal Roberts Makes Some  
Important Recommendations on  
the Subject.

London, Dec. 30.—"The army as it was and as it is to be" is the text under which Field Marshal Roberts reads Britons a noteworthy lecture on the duty of all classes if Great Britain would meet the demands of modern warfare. Earl Roberts writes: "A terrific lesson awaits the nation whose soldiers find themselves opposed by equally brave but better trained opponents on the field of battle. No amount of money, no national sacrifices, will then avail." Earl Roberts does not advocate compulsory service, but maintains that Great Britain must have a large reserve force, and says it is the bounden duty of the state to see that very able-bodied men in the country undergo some kind of military training in youth. Earl Roberts says England must have a larger proportion of mounted troops for rapid reinforcement and in order quickly to seize points of vantage. He concludes: "It will be necessary to have a reserve force of officers amounting to some thousands. These can be made available by a system for the military training of the entire youth of the country."

## DENISON TEAM

WILL RANK AMONG THE BEST IN COMING SEASON.

Management Has Made a Splendid Schedule Including Eastern and Western Trips.

Granville, O., Dec. 30.—Denison expects to have another fast ball team in 1905. For two years this college has turned out the best college teams in the state, and 1905 may bring forth a repeater. As a nucleus for a star team they have Chambers and Weber, the crack battery which made the other college teams look cheap last spring; Roudelush, the shortstop, and Left Fielder Taylor.

To help Chambers out in the box there will be Lerach, who was substitute pitcher last season, and Erier, a freshman, who pitches with his south paw. Shoop and Panment, who were the star halfbacks on the football team, are also said to be good baseball men. Now that Denison has a splendid new gymnasium it is the intention to call the candidates for the team out early, as some sort of a cage will be rigged up. Negotiations are on to secure Hess of Cleveland, to

coach the team in the cage to March 19, when he will have to report. On the expectation that it will have a cracking good nine, the management has gone ahead and made out a splendid schedule, including a western and an eastern trip. In the west, Chicago, Northwestern, Purdue and Michigan will be played, while Washington and Jefferson and Bucknell, and possibly Pennsylvania, will be played.

### CHEER UP.

Don't fret and fume,  
Don't look so glum,  
For by and by  
The spring will come,  
With buds and blooms,  
And brides and grooms,  
In May and June,  
With bells atune,  
Cheer up.

Don't frown, don't smile,  
Don't look so sad,  
For soon the days  
Will all be glad,  
And roses red,  
Their joys will spread,  
And buds will wing  
And merrily sing,  
Cheer up.

Don't scowl and pout,  
Look up, be gay,  
For summer time  
Is on the way,  
The wintry snow  
Will melt and go,  
So sit and sing,  
And wait for spring,  
Cheer up.

According to the latest official statistics the number of sexes in Holland are almost equal, women having a preponderance of only 1 per cent.

of any kind, headache, toothache, earache, stomachache, backache, sideache, and all similar nerve disorders, are instantly soothed, and quickly relieved and cured, by that most dependable of all medicines for the relief of pain, Hamlin's Wizard Oil.

If you have ever experienced its gentle, quieting influence, on an aching, throbbing head, tooth, or other nerve, you will never be without it in the house.

"I had been subject to sick headache for over 5 years," writes Mrs. A. C. Schaffer, of Great Bend, Kan. "I used one bottle of Hamlin's Wizard Oil, and have not had a headache since."

And C. Dieckman, of 193 Hendricks St., Detroit, Mich., writes: "I have always found relief from earache by using Hamlin's Wizard Oil." Price 50c and \$1.00.

## LIKE INDIAN WIVES

Squaw Men Who Marry Sioux Maidens Escape Mothers-in-Law—Ranchman Talks.

Valentine, Neb., Dec. 30.—From the Missouri to the Big Horn 4,500 squaw men testify that there is no wife like the Sioux woman, because there is no mother-in-law like the Sioux mother-in-law.

A. J. Callandar, one of the squaw men and proprietor of a large ranch, declares that he would not trade the dusky woman who presides over his household for any white woman he has ever seen.

"It is one of the oddest customs of the Sioux Indians," he says, "that the son-in-law shall not look on the face of his mother-in-law or communicate with her more than is absolutely necessary."

"In their own tribes, when in case of illness or upon invitation, the mother-in-law visits the family of the son-in-law, a partition is usually made in the hut, behind which the mother-in-law retires when her son-in-law enters the house. Here she sits silently and does nothing but remain behind the blanket until the man is gone. Since they have become more civilized they have not changed their habits. The white man marrying an Indian girl takes no chances of putting up with a grizzled old squaw. Men like myself, who have been smart enough to find a woman who can be married without marrying her mother, have peaceful households. It is the Indian wife for me. She is true to the last inch, quiet and usually capable."

Night Pipe, a young bridegroom, lived on the Pine Ridge reservation and an invisible mother-in-law was his only unhappiness. Although he never beheld her person, she insisted on sitting behind her blanket and scolding. The sound of her voice was a source of constant vexation to Night Pipe.

Night Pipe decided to appeal to the agent and he wrote a letter, which is now preserved as a curiosity. The letter said:

"I have a few words to say to you now and they are that I am very sorry for myself. It is an old woman which makes me very sorry every day, because she talks with bad language to me and never gets rested with her tongue, and I have this thing. Will you send your policeman to take this woman to her camp and we will be living happy again?"

The agent says the letter was effective, for, in deference to the customs of the tribe, a policeman escorted the old squaw to Black Moon, and Night Pipe again lived in peace.

Marriage between the Sioux Indian women and frontier farmers has been largely encouraged by the fact that the Sioux maiden carries with her a neat little fortune. All of the Sioux have been receiving allotments from the government.

In London, according to the latest statistics, there is only one telephone for every 50 families. In New York there is one for 12, in Boston one for six and in San Francisco one for four.

The buildings of the Lewis and Clarke Exposition at Portland, Ore., are approaching completion, although the exposition is not to be opened until June 1.

Today over 135,000,000 speak English. It has displaced French as the language of diplomacy and is now making great headway as the universal language of trade. All North America, South Africa, Liberia, Australia, now use the English language.

## "FANNIE" CROSBY

Has Written More Than 6000 Hymns

## HER FAVORITE COMPOSITION

Written for Dr. Doane After Whom Granville School Is Named—Miss Crosby is 88.

Bridgeport, Conn., Dec. 30.—Many congratulatory messages from prominent Methodists throughout the country have been received by Frances Jane Crosby, the famous hymn writer, in her home here. Miss Crosby is within two months of her eighty-eighth birthday, but she is still strong and lively, and just now is busily engaged in writing her autobiography.

"Fanny" Crosby, as she is familiarly known, is one of the most remarkable women in the world. She has written more than 6,000 hymns, some of which have been translated into all the tongues of Europe. Even now, with her sight gone, she engages in her favorite work, and regularly goes on long trips, lecturing in missions and giving her time and money to promoting charities. Last week she lectured in several distant points in New Jersey, and early in the month she finished a three weeks' tour in Massachusetts.

Miss Crosby has lived with her sister, Mrs. C. W. Ryder, since she left Brooklyn five years ago on account of pulmonary ailment. She was seen in her home a few days ago, and chatted interestingly about her life's work. The story of how she came to write "Safe in the Arms of Jesus," her most inspiring work, was told with real enthusiasm. She loves the hymn, because, she says, it has brought comfort to many troubled souls.

"I was born in Putnam county, New York," said Miss Crosby, "and would you think it, I was 45 years old when I wrote my first hymn. Previous to that I had written some poetry, but when I started to write hymns the work seemed to come natural to me. That may be because I loved it. My whole heart was centered in writing true and beautiful lines."

"The hymn I hold fondest is 'Safe in the Arms of Jesus.' I wrote it in 1868 in 15 minutes and I have always taken a little pride in this fact. W. H. Doane, of Cincinnati, (after whom Doane Academy at Granville is named) who had written the music for several of my hymns, came to me one morning and said he had some music for which he wanted words. He added that he had just 40 minutes to catch a train for Cincinnati, and he asked me to evolve the lines in less than that time. He sat down at the piano and played the music. I sat thinking deeply for a few minutes after he had stopped, then said, 'I think I can write it.' I hurried upstairs and in a quarter of an hour came down with the stanzas as they are sung today. I believe the hymn was dictated by the spirit of the Lord. It is a splendid mission hymn, and it has brought comfort to tens of thousands. What a blessing it is to me to have written it. I have written more than 6,000 hymns, but 'Safe in the Arms of Jesus' is my favorite one of all."

The Methodist of the United States will honor Miss Crosby by celebrations by calling her next birthday "Fanny Crosby day." Services will be held in churches throughout the country, and it is likely that the Methodists of Canada and the British Isles will join in this tribute.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

## AMUSEMENTS

"In Missouri" will be tonight's offering by Charles Lamb's Murray Comedy company at the Auditorium.

## AMATEUR NIGHT TONIGHT.

Tonight will be amateur night at the Auditorium where the Murray Comedy company is playing this week, and a number of unknown young people have kindly offered their services. Between the acts the young people will render specialties, prizes being given for the best renditions. Among those who will assist are Walter Snodgrass or "Snow," as he is more familiarly known, who will sing one of the popular ballads of the day. Emil Loudenslager, clog dancer, Miss Luina Morper, vocalist, and others will take part. The seats are selling rapidly and the indications point to a crowded house. Seats for all remaining performances of the celebrated Chas. Lamb's Murray Comedy company are now on sale.

## KATZENJAMMER KIDS.

"Mudder" Katzenjammer and her two mischievous "Kids" who have become world famous, through the medium of the comic supplements of the Sunday papers, will be the attraction at the Auditorium on Tuesday, Jan. 3. This most amusing of all farce comedies has been invested with an appropriate scenic environment and an excellent cast of characters by the enterprising proprietors and managers, Blondell & Pennessy, and the entertainment which they present is highly commended by the press and public all over the country. The play is said to furnish 60 laughs a minute for two hours and a half. It is all fun and frolic and "worth while" in every way. The company includes such well known artists as Baker & Lynn, the premier delineators of juvenile comedy; Wally Clark, the popular German codelan; Robinson Sisters, acrobatic marvels; Major Crique, the thickest comedian before the public; Day & Vestal, novelty act; William Baker, monologue comedian; Josie Ralston, chic soubrette, and George V. Baker, character comedian, together with many others equally well known to fame. Seat sale will open on Monday.

## UNDER SOUTHERN SKIES.

The New Orleans, La., Daily States, November 21, says: "Humor and pathos are nicely combined in 'Under Southern Skies' which was presented last night at the Crescent theatre. The story is serious enough and dramatic in many of its passages, but is relieved by some situations which appeal to the lighter side of the audience. The story is one calculated to arouse the interest of an audience. The Halloween features which were introduced were laughable and interesting. The singing of the negroes also pleased."

At the Auditorium Thursday, January 5. Seat sale opens Tuesday morning.

## WHO GOES THERE.

The Boston Herald, for nearly three hours the large audience fairly howled with delight at clocklike regularity of humorous complications which wind up and unwind the complex series of farcical incidents. The incessant fun arises not only from the clever work of the author and the neat planning of the stage business, but from the indescribable quaint absurdities performed by the principal comedian. At the Auditorium Friday, January 6. Seat sale opens Wednesday morning.

## HORSE LAUGHS

When Set Free Stands All Night in a Barb Wire Trap Until He is Released.

Denver, Colo., Dec. 30—"I have a horse up on my ranch that knows more than some people," said Olney Newell.

"Two weeks ago he got caught in a barb wire fence and cut his legs so badly that it required a week to get his wound healed."

"Friday evening I came home from Lyons and saw the colt standing out in the pasture near a haystack. I observed that he was standing perfectly still."

"Saturday morning I was walking around the ranch and happened to get on the side of the haystack where I had seen the colt, and there he was in identically the same position as the evening before."

"When I reached him I saw that he had stepped over one wire, but not another, so that two barb wires lay between his front legs. For him to have moved would have meant that he would have gashed himself frightfully."

"I got a rock and knocked the staples out of the posts fastening the wires, and as I worked the colt remained motionless. As soon as the wires dropped he moved carefully away, lifting his feet high. As soon as he knew he was clear of the wires he gave a real horse laugh and ran around the pasture kicking up his heels and having a bully time."

The German town of Bilbrich has a law which calls for a special tax on all householders who have balconies attached to their houses. These are considered a luxury. The tax money is used for the improvement of the streets.

**PNEUMONIA WAR ON HUGE SCALE**

Special Commission Appointed by Board of Health Will Investigate 20,000 Cases.

(From New York Telegram.)

Plans for carrying on the work of the special commission recently appointed by the Board of Health to investigate cases of Pneumonia, and ascertain, if possible, some way of curbing the disease, have been made on a gigantic scale according to Dr. Herman M. Riggs, Chief Medical Officer of the Department.

"The first six months of this year brought 8,360 deaths from Pneumonia, or about 19.6 per cent. of the total number of deaths, which was 42,700. A similar report in 1903 showed 5,763 Pneumonia deaths out of 34,830 or 16.6 per cent."

It is well that the public is at last beginning to realize its danger and that those in authority are taking steps to curb this dread disease.

We believe it is our duty to inform you that Pneumonia can be prevented and cured. If taken in the first stages of Pneumonia Father John's Medicine never fails to cure, and it will build you up and strengthen you so that there will be no danger from a relapse or a second attack.

Read what James T. Reilly of Killingly, Conn., says. His experience is the same as thousands of others:

Dear Sirs:—I think Father John's Medicine is a medicine that everybody should know about and keep in their house. I am never without it and never shall be. If ever a man was in a weakened condition after one and one-half year's sickness from Grip and then that dreaded pneumonia, followed by such a cough as I am unable to describe in writing, again followed by hemorrhages. I could not sleep nights, and was unable to eat. I had given up all hope. Doctors gave me no relief, and I was given up to die. After using six bottles of Father John's Medicine I again went to work. My cough is all gone, and I have no hemorrhages, thanks to your Father John's Medicine. I have tried hundreds of other so-called cures without any benefit whatever. Respectfully your (Signed) James T. Reilly.

Two Men Commit Suicide in a Bowery Lodging House in the City of New York.

New York, Dec. 30.—The bodies of two men, who had registered as George Weber and George Brown, and who, the police say, had evidently committed suicide together, were found in a room in a Bowery lodging house. Both were about 32 years old. Beside Weber was a vial containing cyanide of potassium and a note saying: "If I am successful in my attempt it is the only way out of it, as I can see I am friendless and hopeless. When I am found please get me out of the way as soon as possible." In Brown's pocket was a letter addressed to the coroner, and in his companion's pocket was a copy of the gospel of St. Luke.

**Evading Questions.**

Chicago, Dec. 30.—Assertions that witnesses were evading questions and were refusing to tell what they knew, and that an attempt had been made to deceive the interstate commerce commission as to the rates on coal shipments west, were made in the hearing of two cases before Commissioners Yeomans and Prouty. One of the cases heard by the commissioners was into the proposed freight rate on sugar which goes into effect Jan. 1, 1905, against which jobbers of Wichita, Kan., are complaining, and which they allege is a serious discrimination against the city and in favor of Missouri river points.

**Explosion Wrecks a Building.**

Hartford City, Ind., Dec. 30.—John Sutton, 24 and unmarried, was instantly killed in an explosion at the Crescent Gas company's station, west of the city. Five others were seriously injured, one perhaps fatally. The explosion was caused by the valve plug in the compressor blowing out and filling the room with gas, which ignited from the spark of the gas engine used to run the compressor. The force of the explosion raised the four wings of the building and the roof fell in on the workmen, killing Sutton instantly and probably fatally injuring Ed Ayres. The escape of the other workmen was miraculous.

**A Newark Student's Coat.**

Oren J. Anderson, a student from Newark in attendance at the Ohio State university entered suit in replevin in the justice's court Wednesday to recover a coat in the possession of Samuel Greenburg, a pawnbroker. Some days ago the coat was stolen and Mr. Anderson located it in the pawnshop. The aid of the police was invoked and the pawnbroker refused to give it up to a detective detailed on the case. Instead of taking charge of the coat and taking it to police headquarters, according to the story of Anderson, the detective refused to go further in the case and advised him to get a telephon writ. By this method

**ANNIVERSARY NUMBER OF CATHOLIC COLUMBIAN**

The Advocate acknowledges with pleasure the receipt of the anniversary number of the Catholic Columbian, published at Columbus, O., of which one of Newark's honored sons, Mr. John A. Kuster, is the editor and proprietor. The paper embraces 24 pages of letter press, on fine book paper, and beautifully illustrated throughout. The issue commemorates the thirtieth anniversary of the establishment of the Columbian, and yet it is really devoted more to the progress of the church in the last thirty years, and the growth and development of the city of Columbus. There are handsome portraits of the various Bishops of the church at Columbus, and the different prelates who have officiated there, as well as portraits of the honored dead of the church, among which is that of Father DeCaillie, the former beloved pastor of St. Francis de Sales church of this city. Pictures of various church edifices also appear, and with the local Catholicity of all that distinguishes the Columbian, there are portraits of the Governors and State officers of the State of Ohio, officials of the various public institutions at Columbus and of prominent citizens of Columbus. The anniversary number is full of valuable historical matter that will be carefully preserved by the future historian. The Columbian cannot be too highly commended for its great and commendable enterprise.

Professor William P. Trent has just finished a volume which will furnish a select anthology of the writings of Southern authors from the earliest times to the present day.

**NIP IT IN THE BUD.**

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Cana, the noted European skin specialist, declares that dandruff is the burrowed-out cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Men Commit Suicide in a Bowery Lodging House in the City of New York.

New York, Dec. 30.—The bodies of two men, who had registered as George Weber and George Brown, and who, the police say, had evidently committed suicide together, were found in a room in a Bowery lodging house. Both were about 32 years old. Beside Weber was a vial containing cyanide of potassium and a note saying: "If I am successful in my attempt it is the only way out of it, as I can see I am friendless and hopeless. When I am found please get me out of the way as soon as possible." In Brown's pocket was a letter addressed to the coroner, and in his companion's pocket was a copy of the gospel of St. Luke.

**Evading Questions.**

Chicago, Dec. 30.—Assertions that witnesses were evading questions and were refusing to tell what they knew, and that an attempt had been made to deceive the interstate commerce commission as to the rates on coal shipments west, were made in the hearing of two cases before Commissioners Yeomans and Prouty. One of the cases heard by the commissioners was into the proposed freight rate on sugar which goes into effect Jan. 1, 1905, against which jobbers of Wichita, Kan., are complaining, and which they allege is a serious discrimination against the city and in favor of Missouri river points.

Alva Adams, the Democrat, who on the face of the returns was elected Governor of Colorado by over 11,000 majority, has issued a statement which does him infinite credit. In view of the fact that certain frauds have been alleged in a few Denver precincts, Mr. Adams asked that all the ballot boxes in the city be opened. He declares that he would not accept the governorship if he believed that the majority finally credited to him was made up of fraudulent votes, and he desires that the matter be probed to the bottom. He therefore asks that the work of examining the contents of all the ballot boxes in the 214 precincts in Denver shall be conducted either by the supreme court itself or by a commission appointed by it. Mr. Adams desires that the fraudulent votes found shall be rejected, while the legal ones shall be counted.

This is a fair and honest proposition, and one which the supreme court of Colorado should have no hesitation in accepting. It is suggested that Mr. Adams might go further and ask that all the ballot boxes in the State be opened. To this he would probably have no objection, as he declares that if the frauds committed against him in the communities out-

side of Denver were unearthed his honest majority in the State would be 20,000. Mr. Adams will undoubtedly greatly increase the general belief in the honesty of his victory at the polls by the attitude he has assumed, and if his proposition is not accepted there will be a general impression that it is purposed to count him out regardless of the justice of his case.

The Japanese have taken another fort, that on Rihlung mountain, to the east of Port Arthur. This is near to the Kuantung fort taken last week. The same methods were employed in each case, the explosion of several dynamite mines, followed by a vigorous and long-continued assault. Notwithstanding these successes the Russian main line of defenses is apparently intact. The next blow will probably be directed against it, and then the crisis of the siege will develop.

Senator Hale, chairman of the committee on naval affairs of the Senate has become alarmed at the demands being made upon the treasury for money, and he declares that Congress must either economize in all the appropriations asked for or else we must borrow money. The naval board of construction has recommended that Congress authorize the construction of new vessels to cost \$12,000,000, and Secretary Morton has approved of this suggestion. This was doubtless one of the items which Senator Hale had in view when he talked of the necessity of economizing. The burden of keeping up a big navy is apparently beginning to be felt by some who heretofore have been its strongest advocates. Furthermore, the extravagance of the Roosevelt administration may yet stir the American people to a proper realization of its enormity.

## DEMOCRATIC STATE COMMITTEE MEETING

**Plan for a Thorough Organization of the State for the Next Campaign--Organization Committee Appointed--Democratic Editors Meet.**

Columbus, O., Dec. 30.—Chairman McKinney's call for a meeting of the Democratic state and central committees to be held at the Great Southern hotel in this city Thursday was such a hurry one and shrouded in so much mystery that the members themselves did not know what it was all about until after the committee had been in executive session.

Nine members responded in person to the call and eight others sent their proxies. The real purpose of the meeting was not disclosed until Virgil Lowery, committeeman from the Eleventh district, offering a resolution providing for the appointment of an organization committee consisting of 14 members, whose duty it should be to perfect a thorough organization throughout the state, particularly with reference to the fight for the election of Democratic members of the legislature next fall.

It developed that the call for the meeting was suggested some time ago by Chairman Garber and Secretary Nichols of the Democratic state executive committee; A. P. Sandies of Ottawa, late candidate for secretary of state, and James W. Faulkner.

It was not until after each and every member took the floor and explained that so far as he knew there was no ulterior purpose behind the meeting and assurance and reassurances were given that only the good of the party was at heart that the Lowery resolution was adopted, and then without a dissenting vote.

This organization committee is constituted as follows:

P. J. Madigan, Cuyahoga county; Max Goldsmith, Hamilton county; Dr. J. W. Guthrie, Adams county; W. W. Durbin, Hardin county; Dr. Den-

man, Williams county; John Adams, Coshocton county; John Mogg, Montgomery county; David Rockwell, Portage county; E. W. Hanley, Montgomery county; Fred J. Herr, Franklin county; C. E. Peoples, Meigs county, and Judge A. J. Pearson of Monroe county.

This committee will meet in Columbus January 12, at 10 o'clock in the afternoon, for the purpose of effecting an organization. It is understood that the committee will decide on maintaining a permanent headquarters in this city, and will place Col. W. A. Taylor in charge as secretary, the committee itself to hold frequent meetings.

The congressional districts were represented at the meeting as follows:

Lewis G. Bernard, representing the First and Second districts, having the proxies of J. W. McDevitt and Henry Ketter; E. W. Hanley, Third district, holding proxy of Theodore H. Linsch; Charles P. Salen, having proxy of Val Lee of Fourth district; A. P. Sandies, Fifth district; Sixth district, not represented; W. S. Thomas, Seventh; Eighth, W. L. Finley; Ninth and Tenth, Harvey C. Garber, having proxies of W. P. Gordon and James I. Gorman; Eleventh, Virgil C. Lowery; Twelfth, Fred J. Herr; Thirteenth and Fourteenth districts, not represented; Fifteenth B. J. McKinney; Sixteenth, not represented; Seventeenth, J. E. Hurst, having proxy of W. T. Albers, Eighteenth, B. D. Kirby; Nineteenth, Harvey C. Garber, proxy of D. L. Rockwell; Twentieth, Charles F. Salen; Twenty-first, J. P. Madigan.

After the meeting of the committee the executive officers of the Ohio Democratic Editorial Association had

a session. President J. H. Newton of Newark, presided, and Secretary-Treasurer N. E. Arnold of Marion, presented the annual statement of the body. It showed a healthy financial condition, there being no debts outstanding. Besides Messrs. Newton and Arnold, W. G. Beebe of Mt. Gilead and L. G. Barton of Millersburg, were present, and audited the report. The members heartily approved the action of the State Central committee.

### Our Fire Department.

(Communicated.)

There are but few cities in the state the size of our own that can boast of so many good things as our own city of Newark.

While we have splendid street car facilities, a fine electric plant, splendid water, a mammoth stove plant—the largest in the world, two large and prosperous glass plants, managed by live business men, an extensive halter plant, a mammoth plant for the manufacture of street cars, two large and extensive telephone exchanges, an ice plant, and many other industries of a like character, we fear that we lose sight of the fact that we have one of the finest and best equipped fire departments in the state.

The men are keen, and alert, and are never found napping when the fire alarm is given. It matters not how cold or stormy the weather, they are always found at their post, ready to battle with the fiery elements. We can retire at night with the utmost security, knowing that if a fire should break out in any part of our city, the "boys" will be on hand. We do not think our citizens fully appreciate what the life of a fireman really is. They are constantly exposed to danger of both life and limb, and are willing to sacrifice everything, even life itself, for the good of the city. All honor to the noble men!

And while we can boast of our numerous thriving industries, let us not forget these "minute men," who are the protectors of our homes and firesides. Is there anything within the gift of the people too good for these noble men? We think not.

## GUARDSMEN

MUST PRACTICE FAITHFULLY TO QUALIFY

For State Shoot to be Held in Newark Next Summer—The Rules as Laid Down.

Adjutant General Critchfield of the Ohio National Guard, has issued a general order relative to the practice necessary in order that guardsmen may qualify as marksmen and participate in the state shoot to be held in Newark July 24 to 29 next year.

The work expected of the troops along this line during the coming year is indicated as follows:

January 1 to May 1—Practice drills, position and aiming drills, with rifles, carbine and revolver, for all recruits and those who have not had previous instruction. Gallery practice and gallery qualification.

May 1—Commanding officers will make report of gallery practice to the adjutant general's department.

May 1 to July 15—Outdoor rifle and carbine range practice, both preliminary and record in special course "C" and pistol range practice. Dismounted course. Also company, battery, troop and regimental competitions.

July 24 to 29—Annual state competition of the Ohio National Guard and competition of the Ohio State Rifle association at Newark, Ohio.

July 15 to November 25—Continuation of preliminary and record practice for qualification in special course "C" and on the pistol range, dismounted course.

November 25 to December 31—Com-

pletion of annual reports and resumption of indoor work.

All officers and men will be required to qualify in the gallery before firing on outdoor range, the gallery qualification consisting of an aggregate of 50 per cent of the possible of two five-shot scores made in each of the three positions of standing, kneeling or sitting and prone. Gallery qualification is required of troops armed with revolvers only.

Each regiment will send a team consisting of 18 men; each separate battalion a team consisting of 6 men; each troop, battery or company of signal corps a team consisting of 2 men. All to be selected by competition on some outdoor range between May 1 and July 24. In addition to the above each regiment team will be allowed one team captain, one team coach and one team spotter, each battalion one team captain and one team coach, and each troop, battery and company of signal corps team one team captain, to be selected by the commanding officer of the organization.

All members of all teams shall have "performed" 75 per cent of the military duty, such as parades, drills, encampments and other duties of a similar nature, in the organization to which they belonged during the preceding year. The commanding officer of each organization will make individual certificates of such service for each officer and man of his team, which certificates shall be filed with the post adjutant when the team first reports at the camp.

for Miss King.

The Sunday school pupils of the Second Presbyterian church gave their annual Christmas entertainment Thursday evening. A very entertaining program was furnished for the crowded church. The program consisted of singing and performing by the pupils who were dressed as fairies and pilgrims and doll girls. After the program the usual process of distributing the Christmas treat was commenced. Clarence R. Jones acted as Santa Claus, and distributed the gifts, candy, nuts, and so forth.

Among the gifts was a purse for Miss Florence King for her perfect services as organist, the purse containing \$25. Miss King has served the pupils for six years.

The diplomas were given to the pupils having a perfect record of attendance.

The children of the Sunday school brought packages of food of all sorts. This will be distributed among the poor of the city.

### INTERVIEWS WITH THE PEOPLE ON WATER WORKS QUESTION.

Below is the fourth installment of interviews with citizens of Newark on the Water Works proposition:

Julius J. D. McNamara.

If the city could buy the old water works plant for what it is worth to me I would favor such a course; but since the company has set no price on its plant, it is a fair conclusion that it does not want to sell and therefore we should proceed to build a new one. Whatever price we might pay for the old works, we would have to discard their power plant because its capacity is not sufficient for the wants of the city. I cannot go into the legal points of the bond sale, but I don't see how it will work any injury to the city; and in view of the obstructions that were placed in our way by the Water Works company, the additional premium that might have been obtained—and I am not certain whether that is the case or not—cuts a very small figure. At any rate since I believe the officials were acting in the interest of the city and to the best of their judgment, I will make no complaint about their proceedings.

Dr. H. Day (Health Officer).

I commend the prompt and courageous action of our city officials in the sale of the bonds to build new water works for our growing city. We should waste no more time in thinking about the old water works or parleying with the company owning the same, as these works are not sufficient for a city like Newark in size, extent and efficiency. The tearing up of the streets is no objection in my mind as some of them sadly need tearing up and improving.

Fred Sites.

I would favor buying the old plant, if it is for sale, but since the company has named no price for it, I like other men who have refused to sell. I think the officials have done the right thing in selling the bonds, so as to bring matters to a point. The price of appointing their men to fix the thing when the people have voted for a new plant does not look like business to me. Wonder who owns the water works anyhow.

Perry Rank.

I don't know much about the matter except that the people of the city voted \$300,000 to construct a new water works plant and I don't see how that money or any part of it can be used to buy an old plant.

Charles Ankele.

If I was going to buy the water works plant, I would want the company to put a price on it, and I think the city should proceed in the same way. I haven't read up on the bond sale, but I suppose the officials knew their business. I also think the people of Newark knew their business when they voted \$300,000 for new water works.

A. C. Davis (Lumberman).

I consider the present system entirely inadequate to the needs of our growing city and therefore I would be opposed to purchasing the old plant unless it could be purchased low enough to be advantageously used and enlarged to meet all the wants of the city and the people. If the company wants to sell its plant it ought to have given us a price and made a definite proposition to the city long before this, and I can see no business sense in parleying with the company unless it names the price instantly. I fully endorse the action of the officials in selling the bonds as it was an emergency move rendered necessary by the position in which the city was placed by the injunction suit brought by the Water Works company. Something had to be done to carry out the will of the people.

J. R. Davies.

I am not versed in the details of the water works question, and can only say that I am in favor of the city's providing for a good, first class water works plant. I am in favor of utilizing the old plant, if the same can be purchased on terms advantageous to the city. As a citizen, I do not call up on the city officials, or any of them, to resort to any trickery or questionable methods for the purpose of arriving at a proper solution of the question.

Dr. C. F. Legge (County Coroner).

I am for purchasing the old plant and enlarging and improving it—provided it can be had for what it is worth.

S. G. Foos.

All the opinion I have is that if the old plant could be had at a reasonable price it would be good policy to purchase and enlarge it as we found necessary; but how can we do anything in that direction unless the company set a price on their property? Two water systems would make water cheaper for consumers, but would be unprofitable to the city. If the Water Works company don't set a price on their plant within a reasonable time we should proceed to build new works whatever the company may decide to do with theirs.

Dr. D. M. Smith.

We have been up against a gold brick scheme long enough. We have been supposed to have pure filtered

water, and haven't had it by a long ways, and therefore I favor building a new plant without asking the consent of the Water Works company. I wouldn't purchase the old plant, any more than I would make an addition to an old smokehouse for a dwelling house. The bond sale was the only way to get around the Water Works company as they were resorting to every means in their power to thwart the will of the people, and I heartily commend the action of our officials. As a former member of the board of health I know all about the impurity of the water that has been and is now furnished to the people of Newark.

Frank Kennedy.

The action of the "Big Five," as they have been called, for in view of all the circumstances, I think they made a very good sale of the bonds.

Daniel Thomas.

I would favor buying the old plant, if it can be had for what it is worth, but I have very little hopes that it can be purchased at such a price as will make it profitable to the city. Their pipes are nearly twenty years old, and I don't think they are like good wine, improved with age. I would be glad to know the average life of iron pipes in this country. If the officials in selling the bonds have placed the city in a better position to negotiate with the Water Works company their action is all right.

O. S. Gilbert.

My views are these: 1. The city should own and operate its own water plant. 2. If we could get the old plant for what it is worth, it would be good policy to buy it, and the city has it in its power to purchase this plant either by agreement with the Water Works company or by appointing experts to estimate its real value.

R. W. Howard (Attorney).

I am against buying the old, worn-out water works, and in favor of a new system that will supply the growing city of Newark—at prices citizens of other cities are paying. The exhibition of our city officials in carrying out the will of the people as expressed by their ballots against foreign capital represented by Mr. Taxpayer, is very gratifying to me.

Geo. VanAtta (Supt. Cedar Hill).

It is admitted that there is a valid claim against the Newark Water company, of \$225,000, which claim is secured by a mortgage upon the water works property. If I owned the property and wanted to sell it, I would certainly get enough out of it to satisfy the mortgage and as much more as possible. The plant is about 20 years old, and not of sufficient capacity for the present needs of the city. Which is the better thing for the city to do: Buy the old water works or build a new one? The people answered that question most emphatically when the petition was submitted to them. Now the people's servants should obey the command of the people.

L. H. Inscho.

The bond sale may have been all right—but how does it look?

James Mills.

The old water works plant isn't large enough for the wants of the city but it could easily be enlarged, and if it could be purchased for what it is worth to the city, I believe the city could save \$100,000 at least in the deal. The pipes are better than new and as an eye-witness of the test recently made, I know they are stronger and made of better material than any new pipes that can be purchased. The pipes having been laid and settled, expansion and contraction have been taken up, and the fact would make them cheaper than new ones. Besides we would avoid the tearing up of the streets, which means a good deal to all owners of automobiles and riders of bicycles. Further from Mr. Veatch's statement in last night's papers, the proposition of the Water Works company for the sale of their plant, is fair and just, and should be accepted and acted on.

Thos. H. Sites.

I have been from the first and am still in favor of buying the old water plant if it is in good order and condition and can be bought at a fair price, or what it is actually worth, free from all incumbrances. We had a committee appointed that reported that the pipes taken to Columbus stood 50 lbs more pressure than new ones are required to stand, and that the linings and machinery as well as the filtering part of the plant are all in first class condition. I agree with Mr. Black and Mr. Crayton that we could add to the old works by laying pipes to better protect the manufacturing parts of the city and enlarge and improve the plant as our city grows in population. I think this would be a great saving to the city and would avoid the tearing up of most of our splendid paved streets. As to the bond sale I think it was made in good faith, but the question is, was it legal and will it stand in the courts?

(To be continued tomorrow.)

Says If He Cannot Sell Water Plant  
Honorable He Doesn't Want to  
Sell It At All.

(Communicated.)

What Mr. Moser charges is unknown entirely to me. Mr. Moser cannot refuse in fairness and honor to give the name of the party who, he says, offered him \$500, and state what proposition he was asked to vote for. Let us all know. If anyone has been pretending to represent the Water company in such a way, I want to know it. If I cannot sell the water plant to the city honorably, I do not want to sell it at all. Very truly yours,

### GRANVILLE NEWS

THE OLD PEOPLE'S HOME FOLKS  
ARE ENTERTAINED.

Social Club Reception—No Protest in  
Local Option Election—College  
Town Personal Items.

Granville, O., Dec. 30.—Mr. and Mrs. J. S. Jones gave a Christmas dinner at their handsome home on Broadway on Wednesday afternoon, December 28, to the folks of the Old Peoples' Home. After a bountiful repast each guest was presented with a pretty holiday book as a souvenir. At the conclusion of the dinner, Mr. Bailey of the "Home", on behalf of the guests, thanked the host and hostess for the pleasure they had so lavishly bestowed. Mrs. Jones was assisted by her sister, Mrs. A. K. Pollett, her niece, Miss Clara Pollett, and the Misses Stella and Helen Case. Those who were seated at the table were Mr. and Mrs. Jones, Mrs. Maria Pollett, Mrs. Wartenbee, Mrs. Misses Shepard, Mrs. Chilcote, Mrs. Ellis, Mrs. Freeman, Mrs. Ford, Mrs. Manning, Mrs. Venor, Mrs. White, Mrs. Watkins, Mrs. Head, Mrs. Doty, Mrs. Shetlerly, Mr. Manning, Mr. Bailey and Mr. Case.

One of the most delightful receptions that has been given in Granville in a long time was that given by the Granville Social club on Wednesday evening to their families and a few friends in their handsome rooms on Broadway. The rooms were handsomely decorated, the decorations being holly and mistletoe, artistically arranged, which gave out Christmas cheer and good will. Splendid music was furnished during the evening by a string band, and nearly one hundred people enjoyed the splendid supper which had been prepared under the supervision of B. I. Jones.

There was no protest filed with the Probate Judge in the case of the local option election held in Granville, December 17. Protests could have been made within ten days after the election as provided by law.

The regular meeting of the Township Trustees will be held this evening at 7 o'clock. On Monday afternoon at 1 o'clock the trustees will settle with the supervisors for the township instead of on the first Monday in March, as heretofore.

Miss Denham has resigned as teacher in District No. 6, in Granville township. The Township Board of Education will meet on Saturday evening at 7:30 o'clock, when they will receive applications for this position.

Prof. Bunyan Spencer and family have moved into the house formerly occupied by Judge J. M. Swartz and family. Judge Swartz having moved his family back to Newark.

The Rehoboth will hold a "water" social at the I. O. O. F. hall on Saturday evening. Admission 10 cents.

Edward L. Jones, Jr., of Detroit, Mich., formerly of Granville, and Miss Mary Johnston of Howell, Mich., were married on Thursday evening at the home of the bride.

#### NOTICE.

The Newark Gas Light and Coke company will move their office December 31, to room No. 53 Hudson avenue, now occupied by Mills' bicycle store. 29-33t

### TELEPHONE EXCHANGE

Still Growing and the Company Offers  
a Small Amount of Preferred  
Stock at Par.

The Newark Independent Telephone exchange is still growing. In the last two months 122 'phones have been installed. Within a year the subscribers' list has grown from 1299 to over 1,500.

There remains a small amount of PREFERRED 5 PER CENT, NON-TAXABLE stock for sale at par. This stock is backed up by a valuable plant which is earning over \$1,600 a month net. Both the common and preferred stocks pay dividends. The company has more than 75 stockholders among the most conservative business men of Newark. For detailed information as to stockholders' earnings, expenses, etc., call upon Manager Hollander, at the exchange on North Third street. This proposition is worth investigating. Do not delay. 12-26&3t

### WHAT IS BILE

The Important Work It  
Accomplishes.

How to Insure a Healthy Supply.

The principal work of the liver is the secretion of bile—a golden brown, mucilage-like substance, composed of certain liver elements or salts, mucus and coloring matter. It is the natural antiseptic and cathartic of the bowels. A torpid liver means deficient bile secretion, which later means constipation with its attending evils.

This bile plays a most important part in promoting healthy digestion. Its absence results in congestion of the bowels, with indigestion, and to constipation, and acute hemorrhoids. Section Smith's Pineapple and Butternut Pills have a very selective action—in fact, they cure biliousness with the bilious headache, driving the fecal contents out of the body, which, if permitted to remain, would poison the whole system and rapidly undermine the general health.

Never permit yourself to become bilious. A sick headache, a sudden attack of indigestion, or a fitful diarrhea with dizziness and a low-coated tongue call for the prompt use of Smith's Pineapple and Butternut Pills. They are by far the best remedy to empty the bowels and relieve congestive conditions. They act as a true tonic to the liver, preventing as well as curing constipation. One or two of these Pills taken every night mildly stimulates the liver and corrects biliousness without the drying purgative effects of harsh drugs. Their gentle laxative action especially commends them to ladies, who bloat after eating and are subject to periodical headaches. To secure a healthy secretion of bile, thus establishing perfect bowel regularity, these little pills possess merits peculiarly their own, not found in other remedies.

Smith's Pineapple and Butternut Pills always cure constipation, biliousness and sick headaches in one night. All dealers, 25 cents. All genuine signed W. F. Smith.

NEITHER PARTY NOMINATED A MAN FOR CORONER.

Dr. Legge's Term About to Expire—Commissioners Will Name Coroner on Tuesday.

Owing to a strange oversight on the part of both political parties in Licking county in last fall's election no candidate was elected to the office of county coroner. This, of course, is an important and responsible office that could not be allowed to remain vacant. Dr. C. F. Legge is the present incumbent of the office and his term expires with the old year. Accordingly the county commissioners on Tuesday will appoint a coroner to fill the vacancy until his successor is duly elected.

### REPUDIATED

By Some of the Signers Has Been the Talbot Presentation—May be Dropped.

Philadelphia, Dec. 30.—Dispatches from Huntingdon, Pa., state that some of the Huntingdon signers to the presentment have repudiated the presentment and say that it was never their intention to sign a paper of the character that has appeared in the press. If this be true the proceedings must be dropped, as a presentment of the character made against the bishop must contain the names of at least three persons from the diocese in which the accused bishop lives. It is said the paper was signed by the Huntingdon men under a misapprehension, they believing that they were assisting in closing a long controversy, and not one in which their bishop was to be brought to trial.

**Want Controversy Settled.**  
Huntingdon, Pa., Dec. 30.—While they will not admit unfriendliness to Bishop Talbot, the five men in St. John's Protestant Episcopal church vestry, who signed the presentment of charges to be heard at Reading next month, say their action was due entirely to a desire to have the controversy settled. "For two years," said A. J. Jackson, one of those presenters, "the church has suffered, and we considered that it was only due to our communicants that the affair should be adjusted. We considered that Bishop Talbot was unfair to Dr. Irvine, and when the letter to Dr. Irvine came to our notice we were convinced of it, and that justice should be done we made the charges to show that we were not unfriendly to Bishop Talbot."

Tulare Lake, in California, once navigable by steamers, is now perfectly dry. A man on foot can cross it safely at any point and in some places the ground is hard enough for a team to drive over. The cause of this condition is the draining of Kern and King rivers of their waters by irrigation canals.

### AT BIRMINGHAM

Brother of Bernard Riley Died—The Remains to be Buried at Mt. Calvary Here.

The remains of the late James Reilly brother of Barney Reilly, the well known B. & O. engineer, who died on Wednesday at his home in Birmingham, Ala., will arrive here Friday evening on R. & G. No. 108 or 106. The funeral will take place from the home of his sister, Mrs. John Devine, 216 Indiana street, on Saturday afternoon at 2 o'clock, and the services will be held at St. Francis de Sales church, and interment will be made in Mt. Calvary cemetery. The deceased formerly resided in Dennison, O., and was well known among railroad men of Newark. He was a machinist by occupation and at the time of his death was in the employ of the Alabama and Great Southern railroad. No particulars of his death have been received.

### ALBERT M. BRYSON.

Albert Murf Bryson aged 15, died at 180 South Fifth street during the night after a four weeks' illness, the cause of death being an abscess of the liver. Rev. L. C. Sparks conducted services at 2.30 o'clock this afternoon at the residence, and the remains will be shipped to Shreveport, Louisiana, for interment.

### DESSIE LUELLA SCOTT.

In fond remembrance of Dessie Luella Scott, daughter of William and Frances Scott, who died December 15 1904, aged 11 years, 2 months, and 23 days. She leaves a father, mother, five brothers and two sisters to mourn. She was laid to rest in the Smith Chapel cemetery. Since dear Dessie past away Oh how long the time doth seem. Oh how long the time doth seem. Gone from earth in heaven to dwell Oh, that it could be a dream.

We miss thy kind and willing hands, Thy fond and earnest care, The home is dark without our Dessie, We miss thee every hour.

Our Savior now hath called thee home, To dwell with Him above, Where pain and death can never come, Where all is peace and love. —From her Sister, M. J. E.

### CARD OF THANKS.

We desire, most gratefully, to thank our neighbors and friends who have been so constant and untiring in their kind efforts looking to the comfort of our beloved daughter during the last months of her illness and affliction. Also for the willing assistance rendered to ourselves in so many ways during this time. Mr. and Mrs. T. O. Johnson.

A cup of coffee; a bit of sausage and a plate of Mrs. Austin's Back-wheat cakes is a breakfast fit for a king. —12-1904

According to figures recently compiled the total track mileage and siding of British railways amounts to 50,729 miles.

A woman bought a toothbrush at a drug store in Buffalo, N. Y., and the next day asked to have it exchanged, saying it hurt her mouth.
